Jeffrey M. Newton, Chief of Police

Monthly Report to Village Council December 2018

In December we dealt with staffing issues. In October, the department essentially lost all of its part-time officers. Ofc Hart was released due to the allegations against him in Harrison Twp. Ofc Baessler resigned and left for Farmington DPS. At the same time, P/T Ofc Sloat (who is full-time with UTPD) went off on maternity leave, resulting in P/T Ofc Gelman filling in full-time with UTPD. Consequently, we no longer have any reliable part-time officers. This has resulted in me returning to the 12-hour rotating shift with Sgt Trenkle and the need to pay overtime to cover vacations and some holidays. We have posted for the part-time position, but have only received three applications since the November 1. Of these, one was unacceptable. The other two were offered interviews and background packets. One of the two failed his background investigation and the other was given a conditional offer by St Clair County Sheriff's Department. I will meet with the Police Service Committee in January to discuss the problem and see what solutions can be found.

The Department participated in the Wreaths Across America again this year. If you haven't been, it's a nice event. One worth attending. Linda VanBlaircum does a nice job with it, and it was well attended this year.

Overall, it was an uneventful holiday season, which is a good thing. I hope everyone had a very happy and special Holiday.

Treasurer's Report

December 2018

Worked on figuring out where all DDA millage rates come from on collection calculations from Putnam Township. We receive 50% of Putnam's millage rate as well as a combination of millage rates from the County. I wanted to verify the numbers and amounts are correct and needed something to check against.

Signed up for the MMTA Winter Workshop on January 18th in Lansing. This is always good, relevant training.

PROJECTS:

Marhofer Campbell Property – S. Dexter Rd – IHA Medical Bldg

Site plan revision reviews have been sent to IHA architects and engineers. They are working through some items and we are waiting for easements regarding drainage.

People's Church

No updates

Pirate's Cove

Vanston/O'Brien has requested to close out the projects. We are looking to verify we have ALL documents and required items in hand. There will still be some restoration items to be addressed in the spring. Also, we will need an updated stormwater management agreement, as the last one we have does not include the RV lot property.

Kril Enterprises

We have received the updated site plan. All reviews of the plans are in. Planning Commission will revisit the special use permit and site plan at the January meeting.

211 W Main

Extension of agreement to complete parking lot was granted, with a new deadline of July 30, 2019. Still waiting on corrected wording for letter of credit as there is some back and forth on it. Variance of ordinance and waivers of technical standards were heard at December ZBA and Council meetings. Certificate of Occupancy was given to TruFit. Scott met with Mr. Ostlund mid-December to see what they had on site for a clean out but it is not adequate. Discussions went well and we expect to see new, revised site plans by January 15th in order to make the February 4th Planning Commission meeting.

Zoning Ordinance and Technical Standards

Still working.

Capital Improvement Plan

Participated in 'Best Practices' webinar for CIP software. Inputting all CIP data updates. There will be a Capital Improvement Plan meeting to score and prioritize projects on January 8 at 6pm.

Other

Met with owner of old St. Mary property and Paula from MEDC regarding the property and potential uses. MEDC normally likes 'mixed use' building in downtowns but this property is attractive being near the trailhead and the potential for mixed use and affordable housing.

Have fielded numerous phone calls from interested parties regarding properties around the village. We have several properties that have reached the end of their life as one type of business and now they are vacant. There are many properties with the potential for new types of businesses but they have been one thing or 'legal, non-conforming' for so long so the buyers will need to go through the processes.
