Pinckney, Michigan 48169

Re: Lakeland Knoll

Dear Commissioners,

We own property adjacent to the proposed development, and are unable to attend the public hearing scheduled for September 6th. We understand the site plan proposes 123 residential lots and over 40% of the property is designated for open space. Although the zoning ordinance allows many more lots, we are pleased the developer is dedicating so much park area and saving hundreds of trees. The Village of Pinckney needs additional housing, and the development will certainly be an asset to the community.

We encourage you to grant final approval for Lakeland Knoll.

Very truly yours,

---

Dave Massey
