Subject: Re: Grant's Place

Hi Julie.

Thank you for the reminder.

This is my official ask for an extension to the temporary land use at 551 East Hamburg st.. We have been working on getting this project to the next step of the building permit phase. Over the last year we have had many challenges to overcome. The main one was my separation from The Means Project, that you are aware of. This separation also forced me to form a new nonprofit. The past one was controlled by one of my past partners and wasn't going to work out. We have a new company named (Grants Place Michigan) filled with the state and are working on the nonprofit status as we speak. This process is not a short one to say the least. Before we can do major fundraising we must have the nonprofit status in place. For this reason my request is for a one year extension. During that year I will keep the property clean and in good condition as far as the grass mowing and maintenance go. We will also be finishing up our building plans and working on acquiring the building permit.

Please let me thank you know if you have any other questions.

Thank you.

Thank you.

Just a quick reminder – your one-year extension on Grant's Place expires in June. If you want another extension, I will need the request by next week for the June 3rd agenda.
