

LIVINGSTON COUNTY BROWN BAG LUNCH SERIES PRESENTS:

DOMICOLOGY
CREATING A SUSTAINABLE BUILT ENVIRONMENT

WHEN: WEDNESDAY, JUNE 5th, 12:00-1:00 PM

WHERE: GENOA TOWNSHIP HALL, 2911 DORR ROAD. BRIGHTON

WHO: DR. REX LAMORE, DIRECTOR
MICHIGAN STATE UNIVERSITY
CENTER FOR COMMUNITY ECONOMIC DEVELOPMENT

If you work with construction during any stage of its life, and are also concerned about the long-term environmental stability and resiliency of your community, then you do not want to miss this talk on Domicology. Domicology is the study of the life cycle of the built environment and how we construct our buildings to better support communities and the environment.

Please join us for this unique talk by Dr. Rex LaMore, Director of the MSU Center for Community Economic Development and the mind behind Domicology discuss what Domicology is and why it will be changing the industry for the better.

This is a great opportunity for Planners, Public Works Departments, Elected and Appointed Officials, and anyone concerned about the long-term environmental viability of their community.

This event is open to the public, all are welcome!
